Good Shepherd Christian Academy Preschool & Child Care Center

At Good Shepherd Christian Academy, our principal objective is to provide children with age-appropriate Bible instruction, rich educational exposure, loving attention, gentle correction and Christ-centered guidance. Parents and families are an integral part of the child care experience and the Good Shepherd faculty will welcome your involvement and partnership to ensure the best possible experience for each child.

We understand that your child means more to you than words can possibly say and we know how hard it is to trust the care of your little one to anyone else. This is foremost in our minds as we teach, watch over, and lovingly guide your child through the day. We commit to pray for your child as each day begins and to always provide the highest quality care and attention.

We invite you to contact us with your questions and individual needs.

In His Service,

Mrs. Cindy L. Weaver

Programs Available

Toddlers Children aged 2 1/2 to 3 will be part of this class. They will begin learning about colors and shapes, weather, music, crafts and the world around them. These children will be read to throughout the day and, of course, reading time will include Bible stories. There will be lots of time for play and interaction with other children as well as a quiet time of rest each day.

Pre-School Young ones aged 3-4 will join our preschool group. They will experience the curriculum described above, but will also concentrate on Bible verse, letters and number recognition, letter sounds, the calendar, animals & crafts.

Pre-Kindergarten (K-4) This group, our , will enjoy an academic curriculum that will include pre-reading activities, more advanced letter sounds and blends, and pre-Math work with patterning and numbers. The activities listed for the other two classes will be included at age-appropriate levels.

Before & After Care Good Shepherd Christian Academy Preschool & Child Care also offers before and after school care to our own students as well as school-aged children. This covers the hours of 7:00am—9:00am and 3:00pm—6:00pm. Planned activities as well as self-directed play are part of the time spent here. A snack will be provided. Older children are encouraged to complete homework assignments.

All programs are intentionally interactive and will encourage critical thinking, physical, social, emotional, and creative skills. Children will develop self-reliance and learn positive interaction with others. Our goal is to provide a well-rounded, Christ-centered educational experience that fosters growth and provides appropriate challenges in a loving environment.

About GSCA

Good Shepherd Christian Academy has been ministering to children in our community since 1979. As an inter-denominational ministry of Washington Assembly of God Church, we understand the importance of educating the whole child: spiritually, academically, emotionally and socially.

Although our preschool will not officially open until Summer 2007 we are enrolling students now and invite you to visit and tour the Academy and talk with our Administrator, Mrs. Cindy Weaver, about our program, curriculum, and plans for the preschool.

We are thrilled to extend our program to include preschool ages and pray that you will consider GSCA Preschool and Child Care to minister to your child in these important early years of education.

May God richly Bless your Family!
